A technology-driven and community-oriented student passionate about using innovation, systems thinking, and collaborative leadership to create meaningful social impact. I enjoy building initiatives that bring people together, improve processes, and foster learning through technology and dialogue. Adaptable and growth-focused, I thrive in dynamic environments and actively contribute to campus communities. Fluent in English and Hindi.

WORK EXPERIENCE

Agneepath - Ashoka's Sports fest , Head of Events & Logistics	Oct 2025 - Feb 2026
- Led end-to-end logistics and operations for a campus sports fest hosting 1000+ external participants. - Coordinated execution across 15 live sports venues and managed logistics for 20+ vendors. - Planned and executed 10 pre-events, driving engagement with 400+ students on campus.	
Koita Centre for Digital Health - Ashoka , Outreach Intern	June 2025 - Dec 2025
- Supported the outreach team in shaping digital health narratives through video editing and data-driven storytelling. - Edited and produced digital content for the Biomedical Data Summer Programme (2025) at Ashoka University. - Collaborated on presenting health data through engaging visual narratives to improve communication impact.	
Tinsukia Model United Nations , Founder	May 2024 - Present
- Founded and led the first Model United Nations conference in Tinsukia, Assam, creating a platform for youth leadership and public discourse in Upper Assam - Built the conference from the ground up with a 3-member organising team, hosting 30 first-time delegates from 6 schools and colleges across the region. - Conducted grassroots outreach and awareness sessions to introduce structured debate and diplomacy to students with limited prior access. - Established a lasting ecosystem impact, contributing to regional growth from 30 delegates to 180-190 participants in subsequent MUN conferences. - Impact Report: <u>TMUN 2024 Impact Report</u>	
Motifs , Founder	Mar 2023 - April 2025
- Founded and operated a lifestyle startup initiated from a small home setup, managing end-to-end product development, branding, and sales. - Designed and marketed accessories and lifestyle products, building a small-scale entrepreneurial venture from scratch.	
IT Society - GDGWS , Founder	Aug 2023 - May 2024
- Founded the school's IT Society to promote technology awareness and peer-led learning among students. - Initiated a culture of dialogue around computer science by creating spaces for discussion, collaboration, and exploration of tech concepts.	

PROJECTS

ERP system for a distribution agency
Developed an ERP system for a small distribution agency in Assam, designed to help businesses in smaller regions easily adapt to digitally managed operations.
NEXUS - Network for Exchange of eXpertise Under Student-leadership
- Building a campus skill-sharing platform aimed at creating a culture of peer-to-peer learning and collaborative growth. - Designed to enable students to exchange practical skills through structured workshops and community-led knowledge sharing.
